STATEMENT OF FACT

You have just purchased the highest quality, most dependable, Bed Definer with Power Driver on the market today. This unit has the ability to meet exact standards and perform for years with minimum downtime. HOWEVER, it cannot read nor will it understand this manual no matter how long you leave it on top of the machine.

It is your responsibility to read and understand this manual; it is also your responsibility to be certain this information is passed along to anyone who is expected to operate this equipment. Should you choose not to read, understand and pass along the information provided you, please expect equipment failure and possible injuries to persons around this equipment.

For the safety of the operator, it is **imperative** that this manual is carefully read and understood.

Once you have read this manual, it is your responsibility to be sure that all new operators read and understand this manual, especially all cautions stated.

As a manufacturer of equipment, we have a responsibility to design a safe piece of equipment. NOTE: The important safeguards and instructions in this manual are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution, and care are factors, which cannot be built into any product. These factors must be supplied by the person(s) caring for and operating this equipment.

ONLY YOU CAN PREVENT ACCIDENTS!!

SAFETY INSTRUCTIONS

- 1) **<u>DO NOT</u>** run with out all guards in place;
- 2) **<u>DO NOT</u>** reach in, or under this machine while the unit is running;
- 3) <u>**DO NOT**</u> allow anyone to operate this unit who is under age, or has not been properly instructed in the operation of this machine.

OPERATING INSTRUCTIONS - BED DEFINER

- 1) Check all oil levels
- 2) Be sure the cutter head is raised and not in contact with the ground;
- The cutter arm can be either in a straight or angled position, depending on the type of work and cutter to be used;
- 4) Be sure your feet and hands are clear of the cutter head;
- 5) Stand at the handle bars, push the throttle cable to full throttle;
- 6) Be sure the implement handle is in the off position;
- 7) Go to the right side of the unit and pull the start rope;
- 8) Once the engine starts, lower the throttle and allow the engine to warm up;
- 9) Squeeze the forward/reverse lever and the machine will begin to move. Raise the R.P.M. if necessary;
- Drive the machine to the location where the work is to be done. Position the machine so that when the cutter is lowered, the trench will be where you want it:
- 11) Be sure there is no one near the machine;
- Engage the implement handle slowly, raise the throttle to full R.P.M., hold the handles and lower the raise/lower handle slowly. The machine will begin to cut into the ground as you lower the cutter head;
- Now, with the cutter head lowered, the R.P.M. full, and the cutter engaged, squeeze the forward control handle easily and the machine will begin to move forward, cutting a trench as it goes;
- 14) Slowly steer the machine so as to get the trench where you want it;
- When you have finished, put the implement engage handle into neutral, raise the raise/lower handle, lower the R.P.M.;
- 16) Drive the machine to the next job;

CAUTION

DO NOT OPERATE THIS MACHINE WITHOUT COVERS IN PLACE

WARRANTY POLICY

Your Salsco Commercial or Turf Equipment product is a commercial type product and is normally manufactured and sold for commercial or industrial use. Salsco will, for the original purchaser, for one (1) year from the date of purchase (90 days if used for rental purposes) repair or replace, free of charge, any part or parts found to be defective in material, workmanship or both. Any transportation or shipping charges will be borne by the purchaser. If, during the warranty period stated above, the product does not function properly due to defect, simply contact Salsco and follow the Warranty Procedures included in this manual.

This warranty <u>does not</u> include incidental or consequential damages and is exclusive of any implied warranties.

This warranty **does not** cover normal maintenance parts, including, but not limited to hoses, chains, belts, filters, lubricants, etc.

This warranty <u>does not</u> include parts or components, which are covered under the original manufacturer warranty, including, but not limited to engines, pumps, and motors.

WARRANTY PROCEDURE

In order for Salsco to process your warranty claims in a timely manner you must follow the simple procedures listed below:

MACHINE OR PART FAILURE

- a) Call our service department for helpful instruction on how to correct or repair the problem. Preventive maintenance will also be suggested.
- b) Fill in all information requested on warranty claim form, a copy of which is included in this manual, (date of purchase, company name, address, etc.).
- c) List all parts used. Make sure part numbers are correct. You can obtain these from your manual. Any parts that you believe to be defective or any parts that break should be retained for possible inspection until after the warranty has been paid or part has been replaced.

PLEASE NOTE:

Warranty Claims will not be processed if Warranty Cards and Dealer Delivery Reports have not been returned to Salsco

PREVENTIVE MAINTENANCE IS YOUR BEST INSURANCE AGAINST EQUIPMENT FAILURE. BE SURE TO READ THIS MANUAL, ESPECIALLY THE MAINTENANCE, OPERATING AND CAUTION SECTIONS.
