## DESCRIPTION

Weighing only 112-lbs., the E-Z-CURBER, CCD™ -36 is easily transported from job to job. Simple to set up and operate, E-Z-CURBER installs **straight and curved curbing**, having a 3' turning radius. No pushing or pulling is required ... the machine is propelled by raising and pressing down on the **pump handle**. Because of its compact size (48" x 23"), E-Z-CURBER is able to work in tight areas larger machines cannot. Ideal for curbing driveways, parking lots, and around planted areas; as well as a host of patching jobs resulting from snow plow damage and road repair.
