For fast, safe loading and unloading!

For the Lawn Care Professional

For the fast-moving Lawn Care Professional, time is very definitely money. Getting quickly from one customer to the next is essential to maintaining a healthy profit picture. That's where EASY LOADER Ramps can help. They make loading and unloading your mowers, aerators and seeders quick and safe. Built to handle 1,000 lbs. per set, these rugged ramps come in 8' and 10' lengths. Their Open Grip surface provides excellent traction for wet and muddy tires.

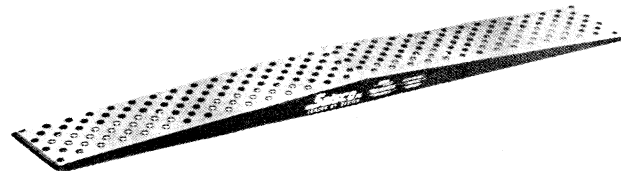

For the outdoors enthusiast

Your ATV, Motor Bike or Snowmobile represents a serious investment of your hard-earned money. That's why you should not take chances when loading and unloading your vehicle. Protect that investment with a set of EASY LOADER Ramps! Made of rugged 14-gauge steel, and built to meet SALSCO's exacting requirements for quality and durability, a set of EASY LOADERS will allow you to load and unload your work and pleasure vehicles, weighing up to 1,000 lbs., quickly and safely.

For the fast, safe loading and unloading of:

**LAWN MOWERS • AERATORS
SEEDERS • UTILITY VEHICLES
SNOWMOBILES • MOTOR BIKES
ALL-TERRAIN VEHICLES**

in fact, any machine weighing up to 1,000 lbs.
